DAWOOD KHAN

Address: House no.419AA, Canal Gardens Lahore, Pakistan
Phone: +923127015464
Email: dawood505422@gmail.com

SUMMARY

A curious Electrical Engineering student specializing in computer-related subjects, driven by a lifelong Curiosity for understanding technological intricacies, motivated by the workings of computer networking, Computer architecture, and deep learning. Interested in logic design, data structure and algorithms, Cloud computing, DevOps, computer architecture, and wireless communication, dedicated to advancing Technology at the intersection of electrical engineering and computer science.

EDUCATION

Bachelor of Electrical Engineering **Sept 2022 - June 2026**

University of Engineering And Technolgy, Lahore

- Major in CS.

Intermediate

Govt. boys college, D.G.Khan

- STEM

EXPERIENCE

DevOps Engineer Intern at TenX **03 June, 2024- 01 August, 2024**

- Automating application deployment using Docker and Jenkins, managing EC2 instances, and configuring server environments.
- Monitoring system performance, troubleshooting deployment issues, and assisting with infrastructure maintenance.

PROJECT

Automated App Deployment Pipeline

- Launched EC2 instance with Ubuntu OS, manually deployed app from GitHub repository.
- Created Docker image, integrated with Jenkins pipeline for automated app deployment.

FPGA HDL-based UART Design Project

- Designed and implemented UART transmission system with SystemVerilog for FPGA, ensuring reliable data transmission.

Privileged Architecture Coverage Enhancement in RISC-V ISAC (RISCOF)

- Implementing Python Based RISCOF tool for thorough testing of RISC-V processors against standard models.
- Improved RISC-V ISAC to analyze privileged architecture, including memory protection and virtual memory configurations.

SKILLS AND TOOLS

- **Skills:** Problem-Solving, Team Collaboration, Oral and written communication, Empathy, Adaptability and Resilience
- **Technical Skills and Tools:** Python, Git, DSA, Logic Building, AWS, Networking, Cloud, DevOps, System Verilog Language, Docker, Jenkins, CICD, Circuit Designing, DSD, Implementation of Verilog Design on FPGA, Linux, PCB Designing, WordPress, and Microcontroller Programming

LANGUAGES

- English (Advanced)
- Urdu (Native)
